Vision

**Rainbow Bridge is not just a bridge
Like the cells make parts of our body
we are the cells of the body of The Planetary Bbeing
And the purpose of humanity
being on this planet is
to build a bridge inbetween the heart and
the higher middle center of The Planetary Bbeing
And every higher thought and every higher action
is building that bridge
And we would like to connect that bridge
To our brothers and sisters across the planet
And here is your chance..
*(Chuck Wine)***

**It's only a dream
But I'd love to tell somebody about that dream
The sky was filled with thousand stars
While the sun kissed the mountains blue
And eleven moons played across
the rainbows above me and you
Gold and rose
The color of the velvet walls
That surround us
(From "One rainy wish" J.M. Hendrix 1968)**
